Hi Shirley and Jared,

I hope this email finds you well.

I am requesting an updated copy of total parking revenue from 2015 and January and February of 2016. I would further appreciate the minutes, reports and handouts from the Commission's meetings in October, February and March.

Additionally, I am requesting information regarding the Park Mobile app:

- 1.) a copy of the contract, the number of users broken down by month since the app went into effect
- 2.) total revenue collected from the app, also broken down by month
- 3.) Number of tickets written where the parker had utilized the app
- 4.) Total number of tickets written for all methods of payments over the same time period
- 5.) Total amount of the \$.35 fee collected since the inception of the app.
- 6.) Information relative to the disbursement of the fee. Is it collected by the Treasurer's Office and then paid to the parkmobile company?

Thank you very much.

Lauren

Lauren- I have attached responses to your requests #1, #2, #4, and #5. In regards to request #3, the data you requested is not tracked. In response to question #6, the Treasurer's Office does collect the fee. I will provide you with the updated parking revenue spreadsheet shortly. I am unable to provide you with the Parking Commission minutes until next week.

Best regards,

Good morning Lauren- The first column represents the total payment received monthly, the second column is the number of transactions monthly, and the last column represents the fee collected monthly. The ParkMobile contract is included in the same attachment. Attached to this email is the updated parking revenue spreadsheet. I will provide you with the Parking Commission minutes next week when our executive secretary returns to the office.

Best regards,

Hi Lauren- The Parking Commission minutes for October 8, 2015 are attached. The minutes for our February meeting are not yet drafted but will be prior to our next meeting which is tentatively scheduled for April 21, 2016. We did not have a meeting in March.

At this time, we are considering this request closed.

Best regards,
