Madam Treasurer

I use my personal email for most of my official business. I would appreciate it if you would respond to the email address originally sent. If you prefer to send to my official government email that is ok as long as you include my personal email address originally sent. I check my personal email more often.

Your attention to this matter is greatly appreciated. I am perplex as to why this is complicated for you. This is my second request.

Madam Treasurer,

The board bill for the parking commission budget needs to be introduced this Friday. The cutoff for submission of board bills is the Tuesday no later than noon before first reading, which is today now. Due to the holiday, I have asked the clerk if he can hold a spot. What time do you expect the bill to be ready?
