

Indicate proposed per meter base unit and describe all costs of options not included in the base price in a separately sealed envelope.

## COST

The following are the Price Proposal for the services of the Immobilization Services, Meter Collections and Meter Maintenance.

### *Immobilization Services*

Republic/Lanier offer the following all-inclusive pricing for the immobilization (booting) services requested in the RFP documents. We provide the City with two pricing options. The first option is a flat fee charged per vehicle immobilization. The second option is a percentage fee applied to the total amount of revenue collected per immobilized vehicle transaction. The City may select either option.

- **Option #1 (Flat Fee): \$115 per immobilization**
- **Option #2 (Percentage Fee): 30% of actual revenue collected**

Included in our proposed pricing options are the following:

- Dedicated Project Manager
- Immobilization Staff
- (3) Immobilization Vehicles
- (3) Immobilization Vehicles
- Necessary Supply of Self Releasing Boot Inventory (Estimated 200 Units)
- All normal operating expenses of immobilization program

### *Meter Collections*

Republic/Lanier offer the following all-inclusive pricing for the Meter Collections requested in the RFP documents. We provide the City with pricing for the collection of single space meters and multi-space meters.

- **Single Space Meter: \$1.15 per collection**
  - Estimated Avg of two collections per week per meter
- **Multi-Space Meter: \$3.95 per collection**
  - Estimated Avg of one collection per week per meter

Included in our proposed pricing options are the following:

- Dedicated Project Manager
- Collection, Counting and Processing Staff
- (2) Meter Collection Vans
- Counting & Security Equipment for Coin Counting/Processing
- All normal operating expenses of meter collection and processing program

## ***Meter Maintenance***

Republic/Lanier offer the following all-inclusive pricing for the Meter Maintenance requested in the RFP documents. We provide the City with pricing for the maintenance of single space meters and multi-space meters.

- **Single Space Meter: \$2.25 per month**
- **Multi-Space Meter: \$12.50 per month**
- **Meter replacement parts invoiced at cost as a pass-through expense of the City. All expenditures approved by City in advance of purchase.**

Included in our proposed pricing options are the following:

- Dedicated Project Manager
- Certified Meter Technician Staff
- (2) Meter Maintenance Vehicles
- Meter Maintenance Equipment and Tools
- All normal operating expenses of meter maintenance and repair program
