I request **any and all records** that identify, describe, reference, or govern:

Correspondence With the Streets Department or Division of Towing

Any emails, memoranda, messages, reports, or other written communications between the Treasurer's Office and the Streets Department, including the Division of Towing, that relate to:

- Towing or booting criteria
- Enforcement priorities
- Daily or periodic towing or booting volume
- Operational coordination or capacity
- Revenue impacts or projections tied to towing or booting

This request includes internal communications as well as communications with other City departments or contractors acting on behalf of the City.

Timeframe:

January 1, 2023 through January 26, 2026.

If responsive records exist in electronic format, I request that they be provided electronically.

If you determine that no responsive records exist for any portion of this request, please confirm that determination in writing.

If any portion of the requested records is withheld or redacted, please provide the non-exempt portions and cite the specific statutory basis for each denial or redaction, as required by § 610.023.3, RSMo.

If fees are anticipated to exceed \$50, please provide a cost estimate in advance. I request that any fees be waived or reduced in the public interest, as these records concern the administration of governmental enforcement authority and public revenue.
