Hi Shirley,

Please see the below records request and don't hesitate to let me know if you need any more info from me.

Pursuant to the Missouri Sunshine Law, I am requesting records reflecting all active parking hangtags that allow the holder to park without payment at metered spaces or in city-owned parking facilities.

Specifically, I am seeking a list that includes, for each hangtag:

- The hangtag number
- The name of the individual to whom the hangtag is assigned
- The person's job title and department, if the recipient is a city employee or official
- Any other identifying information reflecting the basis for the hangtag's issuance (if available)

If the records exist in a spreadsheet or database, I would appreciate receiving them in their native electronic format. If not, I am happy to have the records however they are available.

Please also include any records or logs reflecting hangtags issued to individuals who are not city employees or officials.

Thank you, and please let me know if you have any questions.
